

About me

Skyler O'Bonsawin

PDF presentation

About me:

I am a grade 12 high school student aiming to work in the game development industry. I have a lot of experience with and am very well versed in technology and programming, and know a variety of programming languages. I also have some illustration and design skills.

Outside of school

Programmer

I know and study a variety of programming language such as HTML, CSS, JS, Python, C, C++, Java, and GLSL

Artist

I do a lot of creative projects in my free time. Mainly relating to tech, such as websites and computer graphics.

Cadet

I have been part of the air cadet program for 5 years. I am a senior training officer and leader of the flag party.
